

**Information
and
Skills
For
Parents**

Parent Skills: History File

Cache/Temp & Graphics Files

Files left on the
computer
when surfing.

Parent Skills: What is on our family computer?

To search the whole hard drive

Go to the **Start Menu**. Click on **Search**, For Files and Folders

Click on **Pictures**, **Music**, **Video**

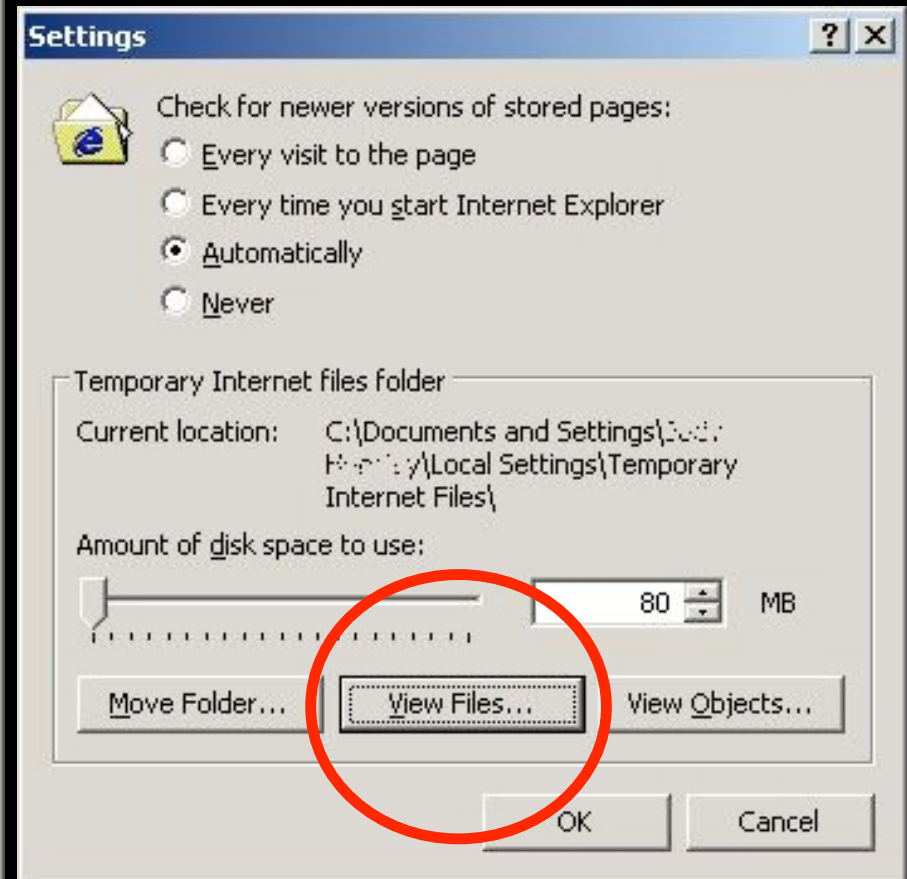

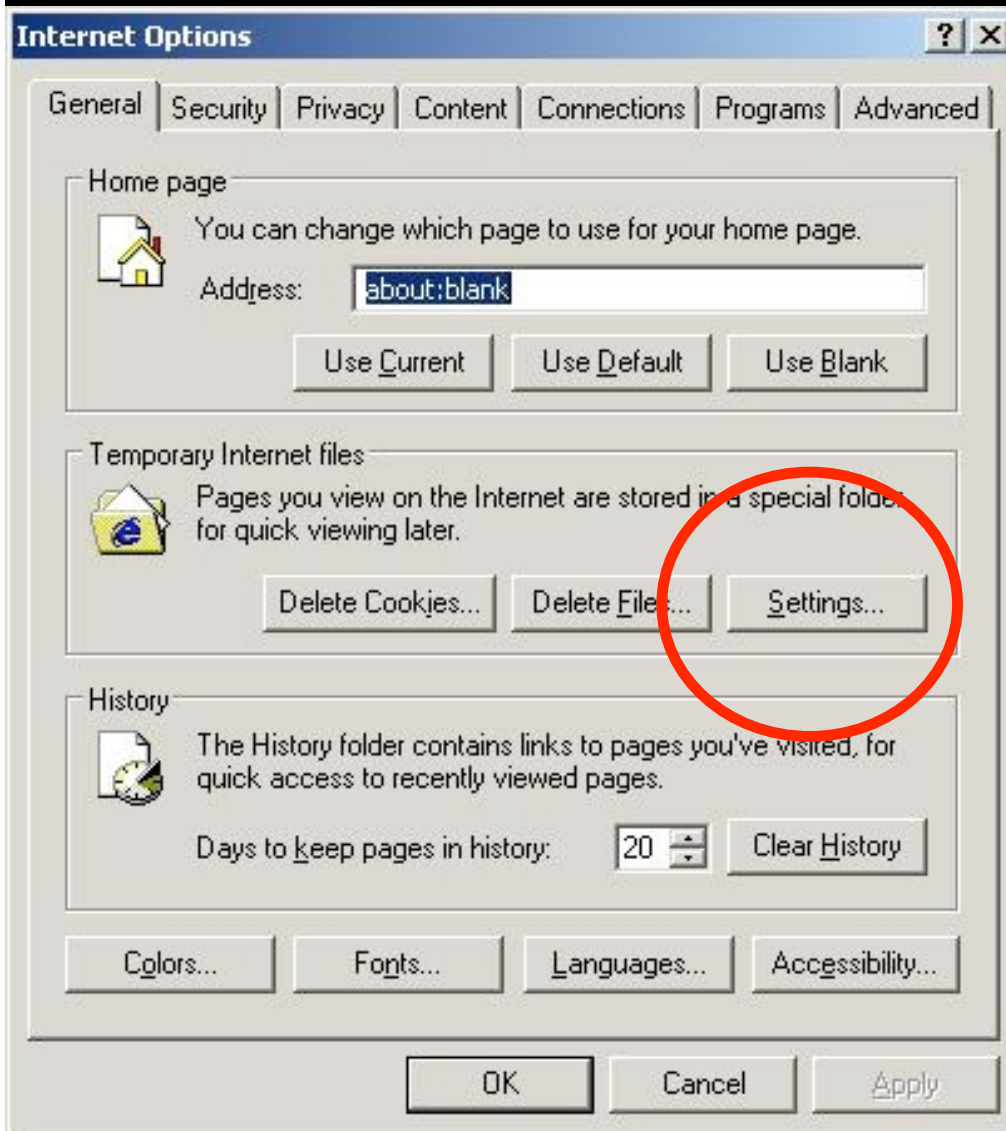

Then you need to check your options, and select **advanced options** as shown.

By default, it is not searching system and hidden folders, which is where the **temporary internet files** are stored.

In Internet Explorer

- go to the Tools menu, then **Internet Options**
- In the Temporary Internet Files section, click on **Settings**
- In the Settings window, click on **View Files**.

Parent Skills: Explorer files

.jpg, .gif, .mpg, .mov, .avi, and .wmv or .asx files are internet graphics and movie files...
potentially porn and other inappropriate material.

Parent Skills: What's on my computer?

What Can A Parent Do?

- Have some basic family guidelines or boundaries.
- Use your parental instincts.
- Be aware of/monitor online activity.
- Make a decision whether **file sharing is worth the risk**.
- Learn to view cache, history, .mpg, and .jpg files.
- Learn how to manage cookies (and your privacy).
- Purchase a good **virus protection** program and keep it updated.
- Use age appropriate packages on (AOL).
- **There is no substitute for taking the time to PARENT !!!**
