Student: _____

Age: _____

School Year: 200_____ - 200_____

SSI is a program that is organized and operated by the Social Security Administration. It provides supplemental income for people with disabilities who are not able to make enough money from work due to their disabling condition. It is based on the income of the family before the child turns 18, and based on adult's income if they are 18 or older. S Please complete the following survey to assist us in meeting your goals.
